# Obsolete Product Notice

1.0 Obsolete Product Information

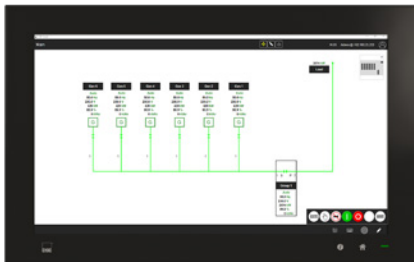

DSEG8021 - 21" PANEL PC WITH DSE SCADA

Important Information

The above product is now obsolete.

Please use part number G8015-01 for all future orders. See section 2.0 for explanation.

2.0 Replacement Product Information

DSEG8015 - 15" PANEL PC WITH DSE SCADA

Important Information

All functionality of G8015-01 remains the same as the G8021-01.

Please note that the display on the G8015 is smaller. If you still have a requirement for a 21" display, you will need to source from a different provider.

If using third party hardware, DSE SCADA can be installed. DSE will continue to sell DSE SCADA license keys that unlock multi-set commissioning functionality. These keys are fully compatible with the G8015 and third party hardware.

If you have any questions, contact your dedicated Area Sales Manager.
